Mtuft Mini

From yarn to carpet in minutes

The Mtuft Mini quickly turns carpet yarn into a small piece of carpet in minutes from a single package of yarn.

With two models in the range, it is suitable for cut pile or loop pile, ranging from 4mm to 75mm in any gauge and stitch rate.

Save time – quickly turn yarn into a piece of carpet.

Save money – send your customer a piece of carpet to showcase your yarn.

Make money – fast turn-around to get ahead of the competition.

Fast quality control – quickly check and make adjustments.

This is a versatile machine that suits a range of applications. It is a quality control tool, a testing tool, a range development tool for plain carpet... imagine what it can be for your business.

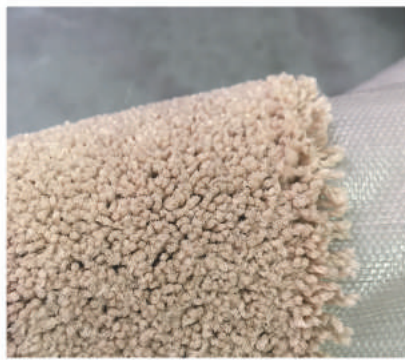

“Only one cone of yarn is needed to make a sample in a wide range of specs – it meets 90% of our customers’ needs”.

Yarn to carpet made simple...

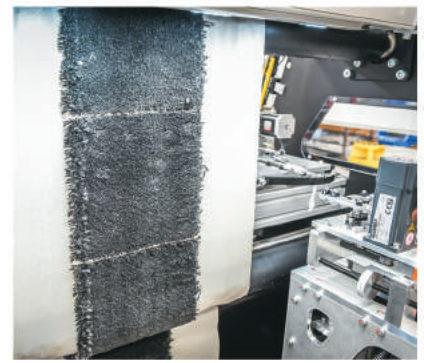

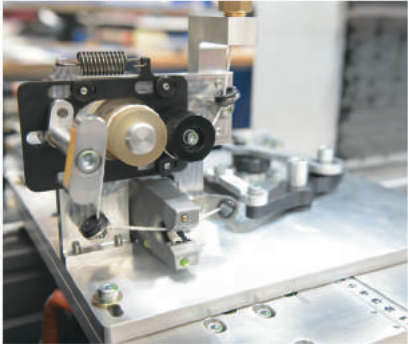

Space dye singles tufted on the Mtuft Mini

Cut pile heat set yarn tufted on the Mtuft Mini
