

From Yarn to Carpet in Minutes....

MTUFT MINI

Space dye singles from the Mtuft Mini

Cut pile heat set yarn from the Mtuft Mini

New Features

- Backing is vertical for easy viewing
- No compressed air required!
- 110 v / 220 v means plug in anywhere!
- No patterning, only cut or loop
- Software controlled gauge, stitch rate and sample size

Ideally suited for sampling of single yarns:

- Plain carpet manufacturers
- Yarn producers – sampling and QC
- Space dye yarn producers – sampling and QC
- Masterbatch producers

Vertical Primary backing means easy viewing of the sample, and quick needle stroke adjustments.

The yarn feed system incorporates an electronic yarn detection system allowing the machine to run unattended.

A package of yarn is fitted to the machine. Singles, Air Entangled or Heat Set yarn can be used to produce Cut or Loop

The primary backing roll is fitted into the machine with quick change side guides.

Model	TMMS 051	TMMSXL 051
